

Dr. Audrey Magnowski earned her undergraduate degree in Biology-Neuroscience with a minor in Spanish from Washington University in St. Louis, Missouri. She then returned to her home state of Colorado to complete her Doctor of Medicine and Integrated Interventional Radiology Residency at the University of Colorado School of Medicine in Aurora.

Dr. Magnowski is passionate about interventional radiology and is thrilled to join a team dedicated to providing exceptional care to the community. She has a strong professional interest in serving underserved patient populations.

A Colorado native, Dr. Magnowski enjoys camping and hiking in the mountains. Her background in swimming and water polo, which also led to meeting her husband Alejandro, has been a significant part of her life. Together, they have two young children and love to travel, particularly back to Spain to visit family. In her free time, she also enjoys cooking, gardening, and scuba diving.
