

Dr. Kaitlin Ford embarked on her educational journey with a Bachelor's degree in Biology from the University of California, Los Angeles. She then pursued her Doctor of Medicine at Quinnipiac University in North Haven, Connecticut, before returning to California to complete her Diagnostic Radiology Residency and Breast Imaging Fellowship at the University of California, Davis.

Dr. Ford's professional passion lies in breast imaging, where she focuses on early breast cancer diagnosis, multidisciplinary cancer care, and high-risk supplemental screening. She is committed to enhancing patient outcomes through comprehensive, collaborative approaches in oncological imaging and care.

Outside of her professional endeavors, Dr. Ford enjoys outdoor adventures with her family, including hiking, skiing, and discovering new destinations. She also finds relaxation in reading a good book during her downtime.

For more information about Advanced Medical Imaging Consultants' radiologists or services, please contact Andi Dresen, Client Services Manager, at 970-484-4757.
